Subject index

Adrenoceptor of the alpha$_2$-subtype mediating inhibition of the human fat cell adenylate cyclase 111

Age dependent differences in human bile acid metabolism and 7α-dehydroxylation 425

Alcohol consumption, high, tracing and handling of, with the aid of laboratory means 147

Alcohol consumption in out-patient alcoholics, gamma-glutamyltransferase, aspartate amino-transferase and alkaline phosphatase as markers of 171

Alcoholics, chronic, abnormal haem biosynthesis in 461

Amylase/clearance of inulin ratio in experimental acute rat pancreatitis, lack of sensitivity and specificity of the renal clearance of 325

Angiotensin-II blockade, effect on systemic and hepatic haemodynamics and on the renin–angiotensin–aldosterone system in cirrhosis with ascites 221

Antipyrine, effect on thyroid hormone metabolism in man 381

Apolipoprotein CII deficiency, familial: plasma lipoproteins and apolipoproteins in heterozygous and homozygous subjects and the effects of plasma infusion 69

Bicarbonate infusions, inefficacy of, on the course of postischaemic acute renal failure in the rat 311

Blood–brain barrier permeability of L-dopa in man 231

Calcitonin and gastrin in man, lack of clinical and physiological relationship between 331

Calcium, dose-dependent, and long-lasting, effects of repeated intravenous injections of, on the canine secretin-stimulated pancreatic juice secretion 25

Captpril, effect on catecholamines, renin activity, angiotensin II and aldosterone in plasma during physical exercise in hypertensive patients 389

Captopril, hypotensive and renal effects of 409

Captopril, immediate effects of, in acute left ventricular failure secondary to myocardial infarction 369

Carbenoxolone, effect on alkaline secretion by isolated amphibian gastric and duodenal mucosa 481

Cholesterol feeding and hypothyroidism, effects on the clearance of chylomicron remnants *in vivo* and by rat hepatocyte monolayers 11

Cholesterol, high density lipoprotein, in cord plasma, intrapartum stress lowers the concentration of 351

Cirrhosis, liver, evaluation of renal tubular damage in by urinary enzymes and beta-2-microglobulin excretions 239

Cirrhosis of the liver, alcoholic, pituitary–testicular function in patients with 473

Cirrhosis with ascites, effect of angiotensin-II blockade on systemic and hepatic haemodynamics and on the renin–angiotensin–aldosterone system in 221

Cirrhotic patients, decreased arteriovenous flow resistance in the left gastric venous area in 355

Cirrhotic patients, multivariate analysis of clinical and biological data in: application to prognosis 213

Clofibrate treatment and bile cholesterol saturation: short-term and long-term effects and influence of combination with chenodeoxycholic acid 185

Collagen metabolism, disorder of, in a patient with osteogenesis imperfecta (lethal type): increased degree of hydroxylation of lysine in collagen types I and III 39

Connective tissue diseases, fibronectin and its role in 145

Coronory artery disease, high density lipoprotein and other lipoproteins in normolipidaemic and hypertriglyceridaemic (type IV) men with 433

Crohn's disease, ileal dysfunction and bacterial overgrowth in patients with 199

Diabetes, insulin-treated, development of bone mineral loss in: a 1½ years follow-up study in sixty patients 55

Diabetes mellitus, platelet function in, in relationship to complications, glycosylated haemoglobin and serum lipoproteins 273

Erythrocyte membrane adenosine triphosphatase activities in patients with endogenous depression and healthy subjects 61

Erythrocytes, human, *in vivo*, the effect of a single dose of propranolol on 65

Ethanol consumption in the rat, chronic, enhanced pulmonary and intestinal activation of procarcinogens and mutagens after 33

Ethanol-fed rats, cytophotometry of liver cells from: ethanol causes increased polyploidization and protein accumulation 235

Exocrine pancreatic secretion, dogs' basal, persisting modifications of, after repeated calcium injections 249

Fibrinogen related to diabetic retinopathy in man, metabolism of 133

Fibronectin and its role in connective tissue diseases 145

Fibronectin in synovial fluid and tissue in rheumatoid arthritis 207

Fibrosis, pulmonary, induced in rabbits with intratracheal bleomycin, biochemical and histological changes in 441

Fibrosis, pulmonary, the elusive 419

Furosemide, effects on active and inactive renin in normal and anephric man 105

Gastric ulcer, experimental, tissue fibrinolysis in: a study in the rat 361

Gastrin and calcitonin in man, lack of clinical and physiological relationship between 331

Gastro-entero-pancreatic hormones in normal pregnancy: response to a protein rich meal 345

Gilbert's syndrome, bile salt measurements in 421

Gilbert's syndrome, pathogenesis of 417

Glomerulonephritis, proliferative, in rats: evidence that mononuclear phagocytes infiltrating the glomeruli stimulate the proliferation of endothelial and mesangial cells 91

Glycogenolytic cascade, activation of, in human polymorphonuclear leucocytes by different phagocytic stimuli 257

Growth hormone, on the diabetogenic effect of, in man: effects of growth hormone on glucagon and insulin secretion 115

Hashimoto's thyroiditis and primary myxoedema viewed as separate entities 245

HDL in physically active men, minor dietary effects on 265

Hepatectomy, 70%, quantitative liver functions after 469

Hyperalimentation, parenteral, effect on serum lipoproteins and on lipoprotein lipase activity of adipose tissue and skeletal muscle 317

Hypertension, a novel concept in drug therapy of: converting enzyme inhibition 341

Hypertension as a membrane disease 337

Hypertension, essential, responsiveness of the renin–aldosterone system during exercise in young patients with 403

Hypertension, severe, reduction of plasma and urinary vasopressin during treatment by captopril 449

Hypoglycaemia in man, hormonal and substrate responses during recovery from, during beta$_1$-selective and non-selective beta-adrenergic blockade 279

Hypothyroidism and cholesterol feeding, effects on the clearance of chylomicron remnants *in vivo* and by rat hepatocyte monolayers 11

Hypothyroidism, overt and subclinical, serum lipoprotein and apolipoprotein concentrations and tissue lipoprotein–lipase activity in: the effect of substitution therapy 3

Indomethacin, effect upon angiotensin-induced changes in blood pressure and plasma aldosterone in normal man 85

Insulin release, the stimulus-secretion of amino acid-induced: insulinotropic action of branched chain amino acids at physiological concentrations of glucose and glutamine 455

Intestinal obstruction in germ-free dogs 285

Ischaemia, regional, in hypertensive patients, myocardial perfusion imaging with thallium-201 to assess 291

Jejuno-ileal shunt operation, serum lipopro-

tein and apolipoprotein concentrations in grossly obese patients before and after 49
Kidney function and size in normal subjects before and during growth hormone administration for one week 487
Lipoproteins, very low density, role of the liver in the degradation of 151
Mutagens, enhanced pulmonary and intestinal activation of, after chronic ethanol consumption in the rat 33
Myocardial perfusion imaging with thallium-201 to assess left ventricular hypertrophy and regional ischaemia in hypertensive patients 291
Myxoedema, primary, and Hashimoto's thyroiditis viewed as separate entities 245
Oedema, idiopathic, influence of previous diuretic intake on the humoral and hormonal profile of 19
Orthostasis, effects on active and inactive renin in normal and anephric man 105
Osteogenesis imperfecta (lethal type), disorder of collagen metabolism in a patient with 39
Osteoporosis, postmenopausal, effect of 1,25-dihydroxy-vitamin D_3 in itself or combined with hormone treatment in preventing 305
Paracetamol administration to rats, quantitative liver function and morphology after 161
Phenobarbitol, effect on thyroid hormone metabolism in man 381
Plasma lipids in kidney transplanted children and adolescents: influence of pubertal development, dietary intake and steroid therapy 397
Plasminogen related to diabetic retinopathy in man, metabolism of 133
Platelet factor 4 and β-thromboglobulin, release during extracorporeal circulation for open heart surgery 165
Platelet function in diabetes mellitus in relationship to complications, glycosylated haemoglobin and serum lipoproteins 273
Procarcinogens, enhanced pulmonary and intestinal activation of, after chronic ethanol consumption in the rat 33
Propranolol, the effect of a single dose of, on human erythrocytes *in vivo* 65
Prostaglandin E_2 in jejunal fluids and its potential diagnostic value for selecting patients with indomethacin-sensitive diarrhoea 191
Prostaglandins in the human gastrointestinal tract, luminal secretion of 149
Protein synthesis, *in vitro* inhibition of, by dialysates of plasma from uraemic patients 139
Renin, active and inactive, effects of furosemide and orthostasis on, in normal and anephric man 105
Rheumatoid arthritis, fibronectin in synovial fluid and tissue in 207
Rifampicin, effect on thyroid hormone metabolism in man 381
Salmon calcitonin, responses to in chronic renal failure: relation to histologic and biochemical indices of bone turnover 177
Saralasin, actions on the renal circulation of man and dog: evidence for a sympathetic neural component to vasoconstriction 77
Serum galactosylhydroxylysyl glucosyltransferase in acute myocardial infarction and during subsequent collagen scar formation 375
Serum lipoprotein and apolipoprotein concentrations and tissue lipoprotein–lipase activity in overt and subsclinical hypothyroidism: the effect of substitution therapy 3
Serum lipoprotein lipid and apolipoprotein concentrations in grossly obese patients before and after jejuno-ileal shunt operation 49
Sodium status and the renin–angiotensin–aldosterone system in compensated liver disease 299
β-Thromboglobulin and platelet factor 4, release during extracorporeal circulation for open heart surgery 165
Trypsinogen and chymotrypsinogen, regulation of biosynthesis of, by nutritional and hormonal factors in the rat 121
Weight reduction, effects on plasma lipoproteins and adipose tissue metabolism in obese subjects 491

European Journal of Clinical Investigation

The Journal of the European Society for Clinical Investigation

Editors-in-Chief K. Winkler, O. B. Paulson

Editorial Board C. E. Andersson, M. Arborelius, Jr, G. Bendixen, N. Juel Christensen, O. Faergeman, J. Giese, S. Jarnum, N. Keiding, L. Korsgaard Christensen, E. Krag, N. A. Lassen, J. Ladefoged, H. Meinertz, N. Nissen, J. Rehfeld, O. Siggaard-Andersen, N. A. Thorn, N. Tygstrup, I. Transbøl, J. Wahren, J. O. Wieth

Volume 11, 1981

Published for the European Society for Clinical Investigation by Blackwell Scientific Publications, Oxford London Edinburgh Boston Melbourne

The copyright for all languages and countries, including the right to reproduce by photographic or other means, is transferred to the European Society for Clinical Investigation as soon as the manuscript is accepted and published by them.

The use of registered names, trade-marks, etc., in this publication does not imply, even in the absence of a specific statement, such names are exempt from the relevant protective laws and regulation and therefore free for general use.

Contents of Volume 11

Number 1, February 1981

Serum lipoprotein and apolipoprotein concentrations and tissue lipoprotein-lipase activity in overt and subclinical hypothyroidism: the effect of substitution therapy
H. Lithell, J. Boberg, K. Hellsing, S. Ljunghall, G. Lundqvist, B. Vessby and L. Wide 3

Effects of hypothyroidisim and cholesterol feeding on the clearance of chylomicron remnants *in vivo* and by rat hepatocyte monolayers
C.-H. Florén and A. Nilsson 11

Influence of previous diuretic intake on the humoral and hormonal profile of idiopathic oedema
M. J. Thibonnier, J. P. Marchetti, P. L. Corvol, J. E. Menard, O. G. Sire and P. L. Milliez 19

Dose-dependent, and long-lasting, effects of repeated intravenous injections of calcium on the canine secretin-stimulated pancreatic juice secretion
M. C. Noel-Jorand, H. J. Verine and H. Sarles 25

Enhanced pulmonary and intestinal activation of procarcinogens and mutagens after chronic ethanol consumption in the rat
H. K. Seitz, A. J. Garro and C. S. Lieber 33

Disorder of collagen metabolism in a patient with osteogenesis imperfecta (lethal type): increased degree of hydroxylation of lysine in collagen types I and III
E. Kirsch, T. Krieg, K. Remberger, H. Fendel, P. Bruckner and P. K. Müller 39

Serum lipoprotein lipid and apolipoprotein concentrations in grossly obese patients before and after jejuno-ileal shunt operation
B. Vessby, M. Boberg, B. Lindahl, H. Lithell, L. Thorén and I. Werner 49

Development of bone mineral loss in insulin-treated diabetes: a $1\frac{1}{2}$ years follow-up study in sixty patients
P. McNair, C. Christiansen, M. S. Christensen, S. Madsbad, O. K. Faber, C. Binder and I. Transbøl 55

Erythrocyte membrane adenosine triphosphatase activities in patients with endogenous depression and healthy subjects
J. Rybakowski, E. Potok and W. Strzyżewski 61

The effect of a single dose of propranolol on human erythrocytes *in vivo*
W. Reinhart, M. Stäubli and P. W. Straub 65

Familial apolipoprotein CII deficiency: plasma lipoproteins and apolipoproteins in heterozygous and homozygous subjects and the effects of plasma infusion
N. E. Miller, S. N. Rao, P. Alaupovic, N. Noble, J. Slack, J. D. Brunzell and B. Lewis 69

Number 2, April 1981

The actions of saralasin on the renal circulation of man and dog: evidence for a sympathetic neural component to vasoconstriction
C. S. Wilcox, P. S. Lewis, P. S. Sever and W. S. Peart 77

Effect of indomethacin upon angiotensin-induced changes in blood pressure and plasma aldosterone in normal man
H. Vierhapper, W. Waldhäusl and P. Nowotny 85

Proliferative glomerulonephritis in rats: evidence that mononuclear phagocytes infiltrating the glomeruli stimulate the proliferation of endothelial and mesangial cells
C. H. Dubois, J. B. Foidart, M. B. Hautier, C. A. Dechenne, M. J. Lemaire and P. R. Mahieu 91

Effects of furosemide and orthostasis on active and inactive renin in normal and anephric man
A. Konrads, W. Hummerich, M. Vlaho and K. A. Meurer 105

Adrenoceptor of the alpha$_2$-subtype mediating inhibition of the human fat cell adenylate cyclase
H. Kather and B. Simon 111

On the diabetogenic effect of growth hormone in man: effects of growth hormone on glucagon and insulin secretion
U. Adamson 115

Regulation of biosynthesis of trypsinogen and chymotrypsinogen by nutritional and hormonal factors in the rat
F. Stöckmann and H. D. Söling 121

The metabolism of fibrinogen and plasminogen related to diabetic retinopathy in man
S. A. Cederholm-Williams, T. L. Dornan and R. C. Turner 133

***In vitro* inhibition of protein synthesis by dialysates of plasma from uraemic patients**
C. Delaporte and F. Gros 139

Number 3, June 1981

Editorial: Fibronectin and its role in connective tissue diseases
I. Clemmensen 145

Editorial: Tracing and handling of high alcohol consumption with the aid of laboratory means
B. Hood 147

Editorial: Luminal secretion of prostaglandins in the human gastrointestinal tract
C. Matuchansky 149

Role of the liver in the degradation of very low density lipoproteins: a study of lipolysis by heparin releasable liver lipase and uptake during isolated rat liver perfusion
E. M. Berry, R. Aldini, H. Bar-On and S. Eisenberg 151

Quantitative liver function and morphology after paracetamol administration to rats
H. E. Poulsen, P. Petersen and H. Vilstrup 161

The release of β-thromboglobulin and platelet factor 4 during extracorporeal circulation for open heart surgery
G. Cella, O. Vittadello, V. Gallucci and A. Girolami 165

Gamma-glutamyltransferase, aspartate amino-transferase and alkaline phosphatase as markers of alcohol consumption in out-patient alcoholics
C. Gluud, I. Andersen, O. Dietrichson, B. Gluud, A. Jacobsen and E. Juhl 171

Responses to salmon calcitonin in chronic renal failure: relation to histological and biochemical indices of bone turnover
T. Cundy, G. Heynen, S. Gaspar, M. Earnshaw, M. Bartlett, S. Paton and J. A. Kanis 177

Clofibrate treatment and bile cholesterol saturation: short-term and long-term effects and influence of combination with chenodeoxycholic acid
B. Angelin, K. Einarsson and B. Leijd 185

Prostaglandin E_2 in jejunal fluids and its potential diagnostic value for selecting patients with indomethacin-sensitive diarrhoea
K. Bukhave and J. Rask-Madsen 191

Ileal dysfunction and bacterial overgrowth in patients with Crohn's disease
P. Rutgeerts, Y. Ghoos, G. Vantrappen and H. Eyssen 199

Fibronectin in synovial fluid and tissue in rheumatoid arthritis
T. Vartio, A. Vaheri, R. Von Essen, H. Isomäki and S. Stenman 207

Multivariate analysis of clinical and biological data in cirrhotic patients: application to prognosis
O. G. Ekindjian, M. Devanlay, D. Duchassaing, G. Leluan, J. Kammerer, P. Fouet, J. L. Auget and J. Maccario 213

Effect of angiotensin-II blockade on systemic and hepatic haemodynamics and on the renin–angiotensin–aldosterone system in cirrhosis with ascites
V. Arroyo, J. Bosch, M. Mauri, F. Ribera, F. Navarro-López and J. Rodés 221

Blood–brain barrier permeability of L-dopa in man
M. L. Friis, O.B. Paulson, M. M. Hertz and T. G. Bolwig 231

Cytophotometry of liver cells from ethanol-fed rats: ethanol causes increased polyploidization and protein accumulation
J. Gaub, L. Fauerholdt, S. Keiding, J. Kondrup, P. Petersen and G. Lange Wantzin 235

Evaluation of renal tubular damage in liver cirrhosis by urinary enzymes and beta-2-microglobulin excretions
A. Gatta, P. Amodio, A. Frigo, C. Merkel, L. Milani, R. Zuin and A. Ruol 239

Number 4, August 1981

Editorial: Hashimoto's thyroiditis and primary myxoedema viewed as separate entities
Deborah Doniach 245

Persisting modifications of dogs' basal exocrine pancreatic secretion after repeated intravenous calcium injections
M. C. Noel-Jorand, E. Colomb, J. P. Astier and H. Sarles 249

Activation of the glycogenolytic cascade in human polymorphonuclear leucocytes by different phagocytic stimuli
N. Borregaard and H. Juhl 257

Minor dietary effects on HDL in physically active men
R. Kiens, P. Gad, H. Lithell and R. Vessby 265

Platelet function in diabetes mellitus in relationship to complications, glycosylated haemoglobin and serum lipoproteins
D. J. Betteridge, J. Zahavi, N. A. G. Jones, B. Shine, V. V. Kakkar and D. J. Galton 273

Hormonal and substrate responses during recovery from hypoglycaemia in man during beta$_1$-selective and non-selective beta-adrenergic blockade
R. J. M. Corrall, B. M. Frier, N. McD. Davidson and E. B. French 279

Intestinal obstruction in germ-free dogs
J. B. Heneghan, J. W. L. Robinson, H. Menge and B. Winistörfer 285

Myocardial perfusion imaging with thallium-201 to assess left ventricular hypertrophy and regional ischaemia in hypertensive patients
S. C. C. Reinders Folmer, W. Wieling and A. J. Dunning 291

Sodium status and the renin–angiotensin–aldosterone system in compensated liver disease
L. Sellars, A. C. Shore, R. Wilkinson, O. F. W. James and V. Robson 299

Effect of 1,25-dihydroxy-vitamin D$_3$ in itself or combined with hormone treatment in preventing postmenopausal osteoporosis
C. Christiansen, M. S. Christensen, P. Rødbro, C. Hagen and I. Transbøl 305

Inefficacy of bicarbonate infusions on the course of postischaemic acute renal failure in the rat
H. Sporer, F. Lang, H. Oberleithner, R. Greger and P. Deetjen 311

Effect of parenteral hyperalimentation on serum lipoproteins and on lipoprotein lipase activity of adipose tissue and skeletal muscle
M.-R. Taskinen, I. Tulikoura, E. A. Nikkilä and C. Ehnholm 317

Lack of sensitivity and specificity of the renal clearance of amylase/clearance of inulin ratio in experimental acute rat pancreatitis with a study on the renal handling of amylase
G. Greuter, S. Widgren and H. Favre 325

Lack of clinical and physiological relationship between gastrin and calcitonin in man
G. Heynen, A. Brassine, J. C. Daubresse, G. Ligny, J. A. Kanis, S. Gaspar and P. Franchimont 331

Number 5, October 1981

Editorial: Hypertension as a membrane disease
P. Meyer and R. P. Garay 337

Editorial: Converting enzyme inhibition: a novel concept in drug therapy of hypertension
J. Giese and S. Rasmussen 341

Gastro-entero-pancreatic hormones in normal pregnancy: response to a protein rich meal
P. J. Hornnes, C. Kühl and K. B. Lauritsen 345

Intrapartum stress lowers the concentration of high density lipoprotein cholesterol in cord plasma
K. Martinsen, C. Ehnholm, J. K. Huttunen, L. Tervilä and E. Kostiainen 351

Decreased arteriovenous flow resistance in the left gastric venous area in cirrhotic patients
N. Koyanagi, K. Inokuchi, S. Nakayama, H. Sakata and K. Beppu 355

Tissue fibrinolysis in experimental gastric ulcer: a study in the rat
B. Stenberg, B. Risberg, L. Hedman and H.-I. Peterson 361

Immediate effects of captopril in acute left ventricular failure secondary to myocardial infarction
F. Brivet, J.-F. Delfraissy, J.-F. Giudicelli, C. Richer, A. Legrand and J. Dormont 369

Serum galactosylhydroxylysyl glucosyltransferase in acute myocardial infarction and during subsequent collagen scar formation
H. Anttinen, P.M. Järvensivu and E.-R. Savolainen 375

The effect of antipyrine, phenobarbitol and rifampicin on thyroid hormone metabolism in man
E. E. Ohnhaus, H. Bürgi, A. Burger and H. Studer 381

The effect of captopril on catecholamines, renin activity, angiotensin II and aldosterone in plasma during physical exercise in hypertensive patients
P. Manhem, M. Bramnert, U. L. Hulthén and B. Hökfelt 389

Plasma lipids in kidney transplanted children and adolescents: influence of pubertal development, dietary intake and steroid therapy
M. Broyer, M.-J. Tete, M.-H. Laudat and S. Goldstein 397

Responsiveness of the renin–aldosterone system during exercise in young patients with essential hypertension
E. B. Pedersen, H. J. Kornerup and J. S. Larsen 403

Hypotensive and renal effects of Captopril
A. C. Pessina, A. Gatta, A. Semplicini, G. P. Rossi, E. Casiglia, L. Milani, P. Amodio, C. Merkel, A. Pagnan and C. Dal Palù 409

Number 6, December 1981

Presidential Address
Ole D. Mjøs 415

Editorial: Pathogenesis of Gilbert's syndrome
Johan Fevery 417

Editorial: The elusive pulmonary fibrosis
Mans Arborelius, Jr 419

Bile salt measurements in Gilbert's syndrome
J. G. Douglas, G. J. Beckett, I. A. Nimmo, N. D. C. Finlayson and I. W. Percy-Robb 421

Age dependent differences in human bile acid metabolism and 7α-dehydroxylation
S. D. J. van der Werf, A. W. M. Huijbregts, H. L. M. Lamers, G. P. van Berge Henegouwen and J. H. M. van Tongeren 425

High density lipoprotein and other lipoproteins in normolipidaemic and hypertriglyceridaemic (type IV) men with coronary artery disease
B. Moberg and L. Wallentin 433

Biochemical and histological changes in pulmonary fibrosis induced in rabbits with intratracheal bleomycin
G. J. Laurent, R. J. McAnulty, B. Corrin and P. Cockerill 441

Reduction of plasma and urinary vasopressin during treatment of severe hypertension by captopril
M. Thibonnier, M. E. Soto, J. Menard, J. C. Aldiger, P. Corvol and P. Milliez 449

The stimulus-secretion coupling of amino acid-induced insulin release: insulinotropic action of branched-chain amino acids at physiological concentrations of glucose and glutamine
A. Sener and W. J. Malaisse 455

Abnormal haem biosynthesis in chronic alcoholics
K. E. L. McColl, M. R. Moore, G. G. Thompson and A. Goldberg 461

Quantitative liver functions after 70% hepatectomy
S. I. Yildirim and H. E. Poulsen 469

Pituitary–testicular function in patients with alcoholic cirrhosis of the liver
M. Bahnsen, C. Gluud, S. G. Johnsen, P. Bennet, S. Svenstrup, S. Micic, O. Dietrichson, L. B. Svendsen and U. A. Brodthagen 473

Effect of carbenoxolone on alkaline secretion by isolated amphibian gastric and duodenal mucosa
W. D. W. Rees, A. Garner, J. R. Heylings and G. Flemström 481

Kidney function and size in normal subjects before and during growth hormone administration for one week
J. Sandahl Christiansen, J. Gammelgaard, H. Ørskov, A. R. Andersen, S. Telmer and H.-H. Parving 487

Effects of weight reduction on plasma lipoproteins and adipose tissue metabolism in obese subjects
R. Sörbris, B.-G. Petersson and P. Nilsson-Ehle 491

Author and Subject Indexes to Volume 11 501
